

**PCA Training Courses 2008**  
**( 2007 rates still apply if you book and pay before the end of 2007)**

The Property Care Association offers a programme of short training courses to enable surveyors and technicians to attain industry standards and to enable them to provide customers with proof of their competence. PCA training draws on industry experts to deliver quality training courses and works with the institute of wood preserving and damp-proofing to ensure independently certified examinations. For further information visit our website: [www.property-care.org](http://www.property-care.org)
